# Table of Contents

Abstract . . . . . 1
Network Computing Introduction . . . . . 2
Executive Summary . . . . . 4
Project Overview . . . . . 4
Architecture Overview . . . . . 4
Opportunity . . . . . 5
Issues . . . . . 6
Methodology . . . . . 8
Case Study Introduction . . . . . 10
Document Content . . . . . 10
System Architecture . . . . . 12
Server Architecture Illustrations . . . . . 14
Operating System Description . . . . . 15
Application List . . . . . 17
Network Architecture and Connectivity . . . . . 20
Scalability . . . . . 22
Results . . . . . 22
Total Cost of Ownership . . . . . 28
Performance Issues . . . . . 29
Benefits, Exposures, and Limitations . . . . . 30
Recommendations . . . . . 31
Cluster Build Overview . . . . . 32
Build Process -- Primary and Back-up Domain Controllers . . . . . 32
Build Process -- File Server . . . . . 33
Build Process -- Compute Server . . . . . 34
Recommendations . . . . . 34
Support Summary . . . . . 36
Skill Transfer -- Deployment to Steady State . . . . . 37
Recommendations . . . . . 37
Transition Summary . . . . . 38
Project Overview . . . . . 38
Network Impact . . . . . 39

Systems Management with Tivoli . . . . . 46
Conclusion . . . . . 47
Appendices . . . . . 48
Appendix A -- Copyright Listing . . . . . 49
Appendix B -- Acronyms . . . . . 50
Appendix C -- Total Cost of Ownership Presentation . . . . . 52
