Adventure in Serenia**P/N 6024038**

Mystery and danger abound. Alas, the Princess Priscilla has been kidnapped by a wicked wizard. She is locked away in his remote castle behind the northern mountains. Of course, you've got to rescue her, but it won't be easy! To reach the castle you must cross deserts, swim oceans, climb mountains, dig for treasure, and fend off deadly snakes. They're all part of your Adventure in Serenia. \$10.00

Requires: IBM Personal Computer, IBM Personal Computer XT™, IBM PCjr, IBM *Portable* Personal Computer, or IBM Personal Computer AT®, IBM Display or TV, 64KB of memory, one diskette drive, and a color/graphics monitor adapter.

Andrew Tobias Managing Your Money With the IBM PCjr**P/N 6024301**

Need expert help in financial planning? This integrated financial planning package lets you enlist the aid of Andrew Tobias, financial columnist and best selling author, to help you plan your financial future. This package includes utilities such as a reminder pad, budget and checkbook, tax estimator, insurance planner, financial calculator, portfolio manager, and net worth utility. \$60.00

Requires: IBM PCjr, IBM Color Display, 128KB of memory, and one double-sided diskette drive. The lowest DOS version required is 2.10.

Note: This program will **only** operate on the IBM PCjr.

Crossfire**P/N 6024091**

Get the bugs out! Crossfire is an exciting cartridge game in which you must save your city from hostile alien insects. Everyone else has fled in terror, so it's up to you to pilot the cruiser ships and drive the bugs out of the city. \$10.00

Requires: IBM PCjr, IBM Color Display or TV, and 64KB of memory.

Note: This program will **only** operate on the IBM PCjr.

Home Budget, jr**P/N 6024130**

Home Budget, jr is a monthly budgeting program developed specifically for the IBM PCjr. It can help you devise a record keeping system and, ultimately, a comprehensive budget plan.

You can use Home Budget, jr to help manage the money you earn and the money you spend. Use it to keep track of how much you're spending in each account, for example, then estimate how much you'll need to pay certain expenses each month. \$10.00

Requires: IBM Personal Computer, IBM Personal Computer XT, IBM PCjr, or IBM *Portable* Personal Computer, IBM Color Display or TV, 128KB of memory, and one diskette drive. The lowest DOS version required is 2.10.

*When using this product on a PCjr, a BASIC cartridge is required.

HomeWord®**P/N 6024090**

HomeWord, a word processing program for the IBM PCjr, is so easy to use that almost anyone can benefit from its many features. The key is on-screen pictures and symbols that represent HomeWord's functions.

But don't let the program's simplicity fool you. HomeWord contains many advanced word processing features. You can add or delete words, phrases and paragraphs; search for and replace a word, name or phrase automatically; change the total appearance of a document, and much more. \$20.00

Requires: IBM PCjr, IBM Color Display or TV, IBM printer, 128KB of memory, and one diskette drive. The lowest DOS version required is 2.10.

Note: This program will **only** operate on the IBM PCjr.

IBM PCjr ColorPaint**P/N 6024299**

A picture is worth a thousand words. ColorPaint is a graphic design tool that combines ease of use with high function. The ability to define fill patterns, choose different brush styles, and select from a 16-color palette makes ColorPaint flexible for both the amateur and professional artist. Function selection and drawing are made simple with the help of easy to read menus, icons, and fill patterns. \$30.00

Requires: IBM PCjr, IBM Color Display or TV, IBM PCjr compatible serial interface mouse with adapter cable, and 128KB of memory. The lowest DOS version required for an IBM PCjr with a diskette drive is 2.10.

Note: This program will **only** operate on the IBM PCjr.

King's Quest**P/N 6024093**

Save the kingdom. King's Quest is a unique, three-dimensional adventure game that puts you in the role of the valiant Sir Grahame. Your royal mission: to prevent the impending collapse of the kingdom of Daventry. To ensure the kingdom's survival, you must find three magical items by embarking on an adventure-filled journey. Beware of the dangerous characters and treacherous terrain along the way. \$20.00

Requires: IBM PCjr, IBM Display, 128KB of memory, and one double-sided diskette drive. The lowest DOS version required is 2.10.

Note: This program will **only** operate on the IBM PCjr.

Jumpman**P/N 6024163**

Hostile intergalactic aliens have sabotaged the Jupiter Command Center by planting bombs throughout this super space station. Because of your incredible jumping ability and your seven lives, you've been chosen to save the Center.

Not only must you defuse the bombs on time, but you also must dodge robot attackers, metallic dragons, and the invaders' laser blasts. The survival of the Center depends on your jumping skills and quick reflexes. \$10.00

Requires: IBM Personal Computer, IBM Personal Computer XT, IBM PCjr, or IBM *Portable* Personal Computer, IBM Color Display or TV, 64KB of memory, and one double-sided diskette drive, and an IBM Color/Graphics Monitor Adapter.

Note: A minimum of 128KB of memory is required for the IBM PCjr. A joystick is optional.

Lotus 1-2-3 (For the IBM PCjr ROM Version)**P/N 6187305**

1-2-3 combines all the tools you need to make effective business decisions. Lotus is a single fast, easy to learn and use software package that combines information management, spreadsheet analysis, and graphing capabilities work together to help you make better business decisions faster. \$99.00

Requires: IBM PCjr, IBM Color Display, 128KB of memory, and one double-sided diskette drive.

Note: This program will **only** operate on the IBM PCjr.

Microsoft Decathlon**P/N 6024020**

Are you a world-class champion? Go for the gold, silver or bronze medals in this computerized simulation of the famous track-and-field competition that has been called the truest test of an athlete: the decathlon. \$15.00

Requires: IBM Personal Computer, IBM Personal Computer XT, or IBM *Portable* Personal Computer, IBM Display or TV, 64KB of memory, and one diskette drive.

Note: This program **will not** operate on the IBM PCjr.

Mine Shaft**P/N 6024092**

Amass a fortune in diamonds. Mine Shaft is a fast-paced cartridge game that challenges you to go after diamonds that line the walls of a mine. Your quest is not without obstacles. Mining robots have been short-circuited by flood waters and are now running amok in the mine shaft. You must disable the robots to win the diamonds! \$10.00

Requires: IBM PCjr, IBM Color Display or TV, and 64KB of memory.

Note: This program will **only** operate on the IBM PCjr.

Mouser**P/N 6024087**

De-mouse the house. Mouser is a cartridge game in which you are a farmer whose house is being overrun by mice. You must trap all the mice before they can multiply, hide in dark places, and even bite if you get careless. \$10.00

Requires: IBM PCjr, IBM Color Display or TV, and 64KB of memory.

Note: This program will **only** operate on the IBM PCjr.

PC Pool Challenges**P/N 6024296**

Rack 'em up! This animated billiards game turns your screen into a pool table where you can test your pool playing talents. To win, you must use the right combination of variables, such as table friction, bumper caroms, speed, angle and direction of your shots. For the tough shots, you can even apply "English" to the cue ball.

PC Pool Challenges includes two popular pool games: eight ball and straight pool. You can compete against as many as three other players or take on four "robot" players with different skills. \$10.00

Requires: IBM Personal Computer, IBM Personal Computer XT, IBM PCjr, IBM *Portable* Personal Computer, or IBM Personal Computer AT, IBM Color Display or TV, 64KB of memory, and one diskette drive. A minimum of 128KB of memory is required for the IBM PCjr.

ScubaVenture**P/N 6024088**

A fast-paced cartridge game that puts you in the role of a deep-sea diver in search of treasure chests on the ocean floor. To open the chests, you must first find hidden keys. \$5.00

Requires: IBM PCjr, IBM Color Display or TV, 64KB of memory.

Note: This program will only operate on the IBM PCjr.

SHAMUS**P/N 6024303**

SHAMUS is an intriguing arcade-style game in which you assume the identity of Shamus, a 21st-century detective in search of the evil Shadow. Using quick reflexes, sharp wit, and your Ionic vaporizer - the most lethal weapon of the future - you must make your way through a seemingly endless labyrinth that leads to the Shadow. \$10.00

Requires: IBM Personal Computer, IBM Personal Computer XT, IBM PCjr, IBM *Portable* Personal Computer, or IBM Personal Computer AT, IBM Color Display or TV, 64KB of memory, and one diskette drive. A minimum of 128KB of memory is required for the IBM PCjr.

Strategy Games 1.05**P/N 6024055**

Four exciting games to challenge your reasoning powers. Test your ability to devise strategies and counter-strategies to emerge victorious over a friend or the computer. The Strategy Games package contains four challenging games: Checkers; Elusion, a capture-the-squares adaptation of Checkers; Battleship, the search-and-destroy war at sea; and Reversi, a cousin of Chinese Checkers. \$10.00

Requires: IBM Personal Computer, IBM Personal Computer XT, IBM PCjr, IBM *Portable* Personal Computer, or IBM Personal Computer AT, IBM Display or TV, 64KB of memory, and one diskette drive. If a color display or TV is used, a color graphics adapter is required.

*When using this product on a IBM PCjr, a BASIC cartridge is required and 128KB of memory.

Note: A minimum of 128KB of memory is required when using this product with DOS 2.00 and above.

Touchdown Football**P/N 6024295**

Realistic football action for IBM PCjr owners. Call your plays against an opponent or the computer as the crowd cheers you on. \$10.00
