Subject: 120MB & 200MB Hard Disk Drive Changes in T19XX Computers

Some models of current hard disk drives (HDD's) used in Toshiba computers have changed. When ordering a replacement HDD please use the appropriate replacement part number for the desired capacity. If it is necessary to replace an old type HDD with a new type HDD the mounting hardware will also have to be replaced.

120MB HDD in T1910, T1910CS

=====

Old P000181380 HDD - Toshiba MK2124FC (Thick Type)
